

STOPCON DISPOSABLE VALVES AND BIOPSY KITS

Our ready-to-use, single-use valves for flexible endoscopes are available oil-free and sterile. Using single-use valves reduces the risk of cross contamination that can be associated with ineffective reprocessing. Our STOPCON portfolio offers a full range of valves required for your endoscopy procedure.

- Disposable Valves portfolio eliminate the need to reprocess and high-level disinfect endoscope valves.
- Eliminates the risk of cross-contamination resulting from the valves.
- The lot number provided within the valve package facilitates complete traceability during procedure.

STOPCON VALVES: OLYMPUS GI ENDOSCOPES

	PART NUMBER	DESCRIPTION
	EN10230	Disposable Endoscope Valve: Air/Water Valve
	EN10232	Disposable Endoscope Valve: Suction Valve
	EN10906	Disposable Endoscope Valve: Jet Channel Connector
	EN10920	Disposable Endoscope Valve: Air/Water Cleaning Adapter
	EN10233	Disposable Endoscope Valve: Biopsy Port Valve. Compatible with Karl Storz flexible endoscopes
	EN10909	Disposable Endoscope Valve: Biopsy Port Valve with Auxiliary Connector
	EN10913	Biopsy Valve with irrigation tube
	EN10229	Disposable Endoscope Valve Kit: Air/Water, Suction, and Biopsy Valves
	EN10229.1	Disposable Endoscope Valve Kit: Air/Water, Suction, Biopsy Valves, and Jet Channel Connector
	EN10229.2	Disposable Endoscope Valve Kit: Air/Water and Suction Valves

STOPCON DISPOSABLE VALVES AND BIOPSY KITS

STOPCON VALVES: PENTAX GI ENDOSCOPES

	PART NUMBER	DESCRIPTION
	EN10234	Disposable Endoscope Valve: Biopsy Port Valve
	EN10907	Disposable Endoscope Valve: Jet Channel Connector
	EN10914	Biopsy Valve with irrigation tube
	EN10229P	Disposable Endoscope Valve Kit: Air/Water, Suction, and Biopsy Valves
	EN10229P.1	Disposable Endoscope Valve Kit: Air/Water, Suction, Biopsy Valves and Jet Channel Connector

STOPCON VALVES: FUJINON GI ENDOSCOPES

	PART NUMBER	DESCRIPTION
	EN10908	Disposable Endoscope Valve: Jet Channel Connector
	EN10233	Disposable Endoscope Valve: Biopsy Port Valve
	EN10909	Disposable Endoscope Valve: Biopsy Port Valve with Auxiliary Connector
	EN10913	Biopsy Valve with irrigation tube
	EN10229F	Disposable Endoscope Valve Kit: Air/Water, Suction, and Biopsy Valves (700 series)
