- 3 WEBSITE keysurgical.de
- 4 MAIL Zum Windpark 1
23738 Lensahn, Germany

FURTHER INFORMATION

If you need any more information, our knowledgeable Customer Service Team is available to answer any of your questions about product characteristics or use of products. Alternatively, you can reach out to your Commercial contact directly regarding product availability in your market.

Our user-friendly website contains not only details of all our products but also downloadable material and industry news.

THE KEY SURGICAL STORY

Key Surgical was founded in 1988 by three entrepreneurial women with years of experience in both the nursing profession and the medical supply industry. Motivated by the growing need for a single source supplier that would provide excellent Customer service, the partners began building an extensive product line based on market need.

Over 30 years later, Key Surgical continues to be the leading brand for sterile processing, operating room, and endoscopy products; supporting a wide range of processes and procedures in hospitals, same-day surgery facilities, GI centers, and more.

OUR MISSION

We've recently joined STERIS as a leading global product brand, continuing to support patient safety with an emphasis on infection prevention and reprocessing.

This relationship is designed to enhance your Customer experience by providing you with more of what you need in infection prevention for sterile processing, the operating room, and endoscopy.

Our dedication to your team and advocating for excellence in the industry remains the same; and together we will create a HEALTHIER AND SAFER WORLD.

A NOTE ABOUT QUALITY

Key Surgical is committed to manufacturing and distributing the highest quality medical products, and to maintaining the highest level of compliance to FDA and ISO regulations. Nobody can claim to be perfect, but we strive to continuously improve our processes and systems so that we will always be closer to perfect tomorrow than we are today.

CUSTOMER LETTER

Thank you for being our Customer and for choosing us to be your trusted supplier for products and solutions for your CSSD. Our Customers are at the forefront of everything we do; we are dedicated to meeting the healthcare industry's highest quality standards for patient care, safety, and efficiency in hospitals, clinics, and surgical centers around the world. As your partner, we promise to continue providing a comprehensive selection of products and personalized service you won't find anywhere else.

Our Customer base of hospitals, theatre centers, and distributors continues to expand throughout the world. We're committed to continuously making investments in our products, quality system, regulatory and compliance efforts, and operations with the goal of being the easiest company with which to do business.

Although seemingly simple, focusing on delivering an exceptional experience with us every step of the way is, and will continue to be, the foundation of why we do what we do. Our entire team works hard every day to be recognized by you as a company of dedication, honesty, and integrity. In striving toward that recognition, we promise to keep our feet planted firmly on the ground and to make sure we brighten both your day and ours in the process.

If we can ever be of assistance, please call or email us. Businesses grow because they do the right things for their Customers and their employees. We intend to keep doing those things and to keep growing, and we truly appreciate your business and thank you for your continued support.

Sincerely,

From all of us, Thank you.

a STERIS company
