

ADHESIVE REMOVER

Getting rid of tape residue from surgical instruments, trays, basins, tags, etc. can be challenging if you don't have the right product for proper removal. We know your instruments deserve the best treatment and that's where our newly formulated adhesive remover comes in. We've cleared things up (pun intended) and made tape removal a bit more enjoyable.

- Colorless, liquid solution designed for removing adhesive from a variety of surfaces, such as surgical instruments or procedural containers
- Removes adhesives, such as instrument identification tape, and any remaining residue on surfaces
- Plant-based formula featuring a citrus-scent
- Packaged 6 bottles/box for easy placement throughout the department

Product No.	Description	Qty
BC2006	Adhesive Remover, 250ml (8.45 fl. oz)	6 bottles/case
