

# ANTI-FOG

Don't let condensation affect your sight during a scope procedure. Mr. Clear™ Anti-Fog is a solution to help reduce condensation on your laparoscopic, gastroscopic, arthroscopic, or endoscopic lens. The answer to a fog-free procedure has never been clearer.

- 6ml bottle anti-fog solution
- For procedures requiring the use of an endoscope device (e.g. laparoscopic, gastroscopic, arthroscopic, endoscopic)
- Foam pad (radiopaque) has adhesive backing for universal placement
- Non-toxic
- Single use
